- (j) “Treasury” means the Minister and any public officer deputed by the Minister to exercise powers and to perform duties under this Act.

(2) The Joint Consolidated Fund administered by the Crown Agents shall be deemed to be a bank for the purposes of this Act; but the Crown Agents shall not be bound by any provision of this Act affecting banks except insofar as they consent to be so bound.

## PART II—CONTROL AND MANAGEMENT OF PUBLIC FINANCES.

### **2. Duties of the Minister.**

The Minister shall so supervise the finances of Uganda as to ensure that a full account of those finances is made to Parliament and that its financial control is maintained, and for those purposes shall, subject to the Constitution and this Act, have the management of the Consolidated Fund and the supervision, control and direction of all matters relating to the financial affairs of Uganda.

### **3. Powers of the Treasury.**

(1) Every public officer concerned in or responsible for the collection, receipt, custody, issue or payment of public monies, stores, stamps, investments, securities or negotiable instruments, whether the property of the Government or on deposit with or entrusted to the Government or any public officer in his or her official capacity either alone or jointly with any public officer or any other person, shall obey all such instructions as may from time to time be issued by the Treasury in respect of the custody and handling of the same and the accounting therefor.

(2) The Secretary to the Treasury and any public officer deputed by him or her—

- (a) shall be entitled to inspect all Government offices and shall be given access at all times to those offices;
  - (b) shall be given all available information he or she may require with regard to the monies and property specified in subsection (1) and to all documents and records in respect of the monies and property; and
  - (c) shall be entitled at any time to inspect the monies, property, documents and records,
- so far as may in any way be necessary for the purpose of compliance with

subsection (1) of this section and section 2.

(3) Nothing in this section shall be construed as authorising the Treasury to issue, or as requiring any person to obey, any instructions in relation to any monies held on trust which contravene or are inconsistent with the terms of the trust.

#### **4. Bank accounts.**

Except as provided in this Act or in any other written law, no account shall be opened with public monies in any bank without the authority of the Treasury in writing, and no bank shall permit an overdraft on any such account.

#### **5. Regulations, instructions and directions.**

(1) The Minister may make such regulations and may issue such instructions or directions as may appear to him or her to be necessary and expedient for the proper carrying out of the intent and purposes of this Act and the safety, economy and advantage of the public revenue and public property.

(2) The Minister shall take all proper steps to ensure that any instructions or directions issued under this section are brought to the notice of all persons directly affected by the instructions or directions; but it shall not be necessary to publish the instructions or directions in the Gazette.

#### **6. Consolidated fund account.**

An account styled the consolidated fund account shall be kept with such bank or banks as the Treasury shall from time to time determine, and all sums standing to the credit of or paid into such account shall form part of one Consolidated Fund.

#### **7. Payments into the consolidated fund account.**

(1) Subject to section 16, all revenues and other monies raised or received by the Government shall be paid into the consolidated fund account in accordance with directions of the Treasury; except that—

- (a) receivers of revenue may with the authority of the Treasury deduct such sums as may be required for drawbacks, repayments

or discounts before paying the revenues into the Consolidated Fund;

- (b) the Treasury may, as it deems fit, from time to time authorise receivers of revenue who are accounting officers to disburse in the first instance from revenue collected by them such sums as may be needed to meet expenditure and make advances for which they are accountable, and the amount of the revenue so disbursed shall be subsequently paid by the receivers of revenue to the Consolidated Fund;
- (c) where the Treasury directs that any revenue (not being tax revenue) arising from or connected with the activities of any Government office, department or Ministry shall be applied as an appropriation in aid of monies required for statutory expenditure or provided by Parliament for any purpose, that revenue shall be deemed to be monies required for statutory expenditure or provided by Parliament for that purpose, as the case may be, and shall, without being paid into the consolidated fund account, be applied, audited and dealt with accordingly and, so far as it is not in fact so applied, shall be paid into the consolidated fund account, and where the revenue so directed to be applied as appropriations in aid of monies provided by Parliament for any purpose exceeds in a financial year the amount set forth in the estimates or supplementary estimates approved by Parliament, the excess so realised shall be paid into the consolidated fund account.

(2) For the avoidance of doubt, it is declared that the reference in this section to monies raised or received by the Government does not include monies received by the Government on deposit, monies held on trust by, or under the control of, any court or officer of a court, the public trustee, the Administrator General or the official receiver or monies held on trust by any other public officer for purposes other than the purposes of the Government.

## **8. Bank returns.**

Statements showing payments into and issues from the consolidated fund account shall be rendered by every bank at which such an account is maintained to the Treasury and to the Auditor General at such intervals and in such form as the Treasury may direct.

## **9. Issues from the Consolidated Fund.**

No part of the Consolidated Fund shall be issued except under and in accordance with the Constitution and this Act; and the Treasury shall control the issue of public monies to Ministries and departments of the Government.

## **10. Advances from the Consolidated Fund.**

(1) In any financial year, and in anticipation of the receipt of any revenue directed by the Treasury to be applied as an appropriation in aid of monies required for statutory expenditure or provided by Parliament for the services of that financial year under section 7(1)(c), the Treasury may by warrant and subject to the approval of the Auditor General under section 11 authorise the issue from the Consolidated Fund of advance payments, not exceeding in the aggregate the amount of the revenue so appropriated, which shall be subject to repayment on or before the expiration of the four months following the close of the financial year.

(2) Advances payable under subsection (1) shall be a charge on the Consolidated Fund.

## **11. Approval of issues from the consolidated fund account.**

(1) In any financial year the Auditor General shall, if satisfied of the correctness of the warrants, give his or her approval to Treasury warrants for—

- (a) the issue from the consolidated fund account of amounts payable for statutory expenditure of the kind mentioned in section 10;
- (b) the issue from the consolidated fund account of amounts payable for other statutory expenditure; and
- (c) the issue from the consolidated fund account of sums not exceeding in the whole the sums applied by the Appropriation Act (as reduced by issues made under section 12 and as increased by supplementary estimates approved by resolution of Parliament) to the service of that financial year.

(2) Every approval given under this section shall be sufficient authority to the bank designated in the approval to issue from the consolidated fund account, in accordance with the directions of the Treasury, the amount specified in the approval.

(3) Whether or not an issue from the consolidated fund account has been made, the Minister may limit or suspend any public expenditure (not being statutory expenditure), with or without cancellation of any warrant, if in his or her opinion financial exigencies or the public interest so require.

## **12. Provision if Appropriation Act not in force.**

(1) If the Minister is satisfied that the Appropriation Act in respect of any financial year will not or has not come into operation by the beginning of that financial year, he or she may, subject to this section, authorise the issue of monies from the consolidated fund account for the purposes of meeting expenditure necessary to carry on the services of the Government until the expiration of four months from the beginning of that financial year or the coming into operation of the Appropriation Act, whichever is the earlier.

(2) Any sum issued in any financial year from the consolidated fund account under subsection (1) in respect of any service of the Government—

- (a) shall not exceed the sum shown as required on account in respect of that service in the vote on account approved by Parliament by resolution for that financial year; and
- (b) shall be set off against the amount provided in respect of that service in the Appropriation Act for that financial year when that law comes into operation.

(3) Where the Minister has given an authority under subsection (1), the Auditor General shall, if satisfied of the correctness of that authority, approve Treasury warrants for the issue of sums from the consolidated fund account under this section, and any warrants so approved shall be sufficient authority to the bank designated in the warrant to issue from the consolidated fund account, in accordance with the directions of the Treasury, the amounts specified in the warrant.

## **13. Issues to be made in accordance with Treasury directions.**

All issues from the consolidated fund account under sections 10, 11 and 12 shall be paid into such other bank account or accounts or otherwise as the Treasury may direct.

#### **14. Overdraft on consolidated fund account.**

The powers conferred on the Government by any Act of Parliament, including this Act, to borrow money by means of advances from a bank may (in addition to any other way in which the powers may lawfully be exercised), be exercised by means of fluctuating overdraft on the Consolidated Fund account.

#### **15. Withdrawal of monies from the Consolidated Fund for investment, advances and payment into another account of the Consolidated Fund.**

(1) The Treasury may by warrant and subject to the approval of the Auditor General under section 11(1)(b) or under subsection (5) of this section, as the case may be, authorise the withdrawal of monies from any account of the Consolidated Fund—

- (a) for investment—
  - (i) with a bank, either at call or subject to notice not exceeding twelve months; or (ii) in any securities the interest on which is guaranteed by the Government of Uganda or of any other Commonwealth country;
- (b) for making advances to an approved recipient on such terms and conditions as the Treasury may decide (without prejudice to the provisions of any written law regulating that approved recipient's activities or the conduct of its business); or
- (c) for payment into another account of the Consolidated Fund.

(2) Where any investment made under subsection (1)(a) is realised, the proceeds shall be paid by the Treasury to the credit of the consolidated fund account.

(3) All investments made under subsection (1)(a) shall form part of the Consolidated Fund.

(4) Advances payable under subsection (1)(b) shall be a charge on the Consolidated Fund.

(5) The Auditor General—

- (a) shall give his or her approval to Treasury warrants for the withdrawal of monies from any account of the Consolidated Fund

if he or she is satisfied that the monies so to be withdrawn are to be disposed of in accordance with subsection (1)(a) or (c); and (b) shall be deemed to be so satisfied if it is certified by the Treasury that any monies so withdrawn will immediately be so disposed of.

(6) Every approval given under subsection (5) shall be sufficient authority to the bank designated in the approval to issue from the Consolidated Fund, in accordance with the directions of the Treasury, the amount specified in the approval.

(7) In this section “approved recipient” means—

- (a) the savings bank constituted under the Uganda Communication Act;
- (b) the administration of a district;

## **16. Establishment of funds.**

(1) Whenever monies are appropriated by Parliament to establish funds, the Treasury may establish funds to which monies so appropriated may be credited and from which monies may be expended for the general purposes for which the funds were established.

(2) Unless the Treasury otherwise directs, and notwithstanding sections 7 and 21, the receipts, earnings and accruals of funds established or deemed to have been established under this section and the balances of those funds at the close of each financial year shall not be paid into the Consolidated Fund, but shall be retained for the purposes of those funds.

(3) Regulations made or directions given under this Act may make

provision for the control and management of any fund established or deemed to have been established under this section and, without prejudice to the generality of the foregoing and notwithstanding any other law, may specify a public officer who shall be responsible for the control and management of that fund.

#### **17. Existing funds deemed to be established under section 16.**

The funds set out in the First Schedule to this Act shall be deemed to have been established in accordance with section 16, and the balances standing to the credit of each such fund at the close of account on the 30th June, 1962, shall be deemed to have been appropriated by Parliament for the purposes for which that fund was established.

(2) The sum of two hundred and fifty thousand pounds shall be paid from the monies standing to the credit of the General Revenue Balance account at the close of the account on the 30th June, 1962, to and for the purposes of the fund specified in the Second Schedule to this Act, and the sum specified in that Schedule in respect of that fund shall be deemed to have been appropriated by Parliament for the purposes of that fund.

#### **20. Investments.**

All investments held by the Treasury or by any person on behalf of the Government on the 9th October, 1962, shall, if the investments are not

held—

- (a) on account of the funds set out in the First Schedule to this Act;
- (b) in respect of monies received by the Government on deposit;
- (c) in respect of monies held on trust by, or under the control of, any court or officer of a court, the public trustee, the Administrator General or the official receiver; or

## **21. Duration of an Appropriation Act.**

Unless special provision to the contrary is made in any Appropriation Act, every appropriation (as increased by supplementary estimates) by Parliament of public monies for the service of any financial year shall lapse and cease to have any effect at the close of the year, and, except as otherwise provided in this Act, the unexpended balance of any monies withdrawn from the Consolidated Fund shall be surrendered to the Consolidated Fund.

## **22. Power of the Treasury to transfer or borrow.**

(1) The Treasury may in any financial year transfer to the Consolidated Fund from other funds and monies under its control, or borrow (without prejudice to any other power to borrow which it may possess and on such terms and conditions as it thinks fit) by way of loan or advance, the issue of bills or bank overdraft, amounts not exceeding in total at any one time the aggregate of—

- (a) the gross expenditure (including expenditure to be met by appropriations in aid and expenditure approved by resolution of Parliament as a vote on account) authorised for that year by the Appropriation Act or by a supplementary estimate approved by resolution of Parliament; and
